**Substance of the Interview**

Sir:

On April 21, 2008, applicant's representative conducted a telephone interview with the examiner regarding the above case. In the interview, applicants sought clarity regarding the restriction requirement. The interview clarified that a "species" is one specific reaction with all of the steps, reagents, final product and conditions specified. In the Restriction Response filed on April 21, 2008, applicants responded to the outstanding restriction requirement/specie election and it is now presumed that examination will commence in the usual form.

Respectfully submitted,

Ralph J. Mancini
